ARRANGEMENTS

PREPARATIVOS

Fancy a party or a "gezellige" drink? At 21 Pinchos you are at the right place. With two triple A-located venues you are spoiled for choice.

First of is The Market hall Rotterdam. Here we can cater for 80 to 100 people on our unique roof terrace. From here you have the best view on the Hall itself which is a work of art if nothing else. Our second venue is part of another architectural gem called the Fenix I on the south bank of the river.

Here you can enjoy yourself in a state of the art ambiance. We can cater up to 100 people but much smaller groups can easily be fitted in because of the very flexible lay out of the restaurant and bar. Last but not least there is our terrace directly at the harbour front that can seat over 120 people with the same flexibility as indoors. So the size of your group is never a problem. On our terrace you can enjoy an uninterrupted view on the magnificent Rotterdam skyline.
